

The IBS-Group Mission

IBS-Group will achieve its Vision by building and maintaining a clear, transparent, supportive and safe working environment focused on delivering value to Clients and all IBS business stakeholders.

To do this IBS will develop and maintain:

1. A clear statement of the IBS organisation and business objectives, IBS departmental responsibilities and the job descriptions of all IBS employees
2. An IBS Quality System (embracing Employees, Clients and Suppliers) recording, measuring, monitoring and the continuously improving all IBS work and Client and Supplier deliverables
3. Transparent and fair performance standards and targets aligned to IBS business objectives for all IBS work, processes and individual employees
4. Improved IBS team and employee skills through training and development and the encouragement of career progression at IBS
5. IT and other automated technologies that enhance IBS creativity and productivity, provide rapid access to key information and assists the Management, Control and Improvement of the IBS business.
6. A learning and innovative culture at IBS allowing the company to do its work better each time every time and deliver greater value to Clients and other IBS Stakeholders
